

## DECLARE MOB LAW IS DOUBLE CRIME

Southern Baptists Are Against Taking Law Into Own Hands

## CONVENTION CLOSED

Also Ask Hays to Make Good Clean-up of Motion Picture Industry

JACKSONVILLE, Fla., May 22.—The Southern Baptist convention adjourned today after accepting the reports of its social service commission recommending the demand that motion pictures be "cleaned up or destroyed" and making many other recommendations.

After discussing law enforcement, the commission said:

"It cannot help, it can only hurt, for individuals to take the enforcement of law and the administration of justice into their own hands. To do so would be a double crime, a crime against the individual sought to be punished and a crime against society and government as a whole. Under the principles of the American government every man charged with crime is guaranteed a fair trial by a jury in court, with the right of calling witnesses to his defense and having all the facts fully and judicially considered. Any other is mob rule and if adopted generally will ultimately undermine and overthrow everything we hold dear, and every citizen should stand out openly for fundamental American principles.

Want No Affiliation.  
"Your commission feels that we cannot too strongly urge upon our pastors and churches the importance of not becoming allied with or giving approval and support to any movement or organization that violates or tends to violate these sacred and fundamental principles."

The commission expressed hope that Will H. Hays, as head of the picture producers organization, would "exercise what is supposed to be his greatest power for a thorough clean-up in the motion picture business. Withdrawal of 'Fatty' Arbuckle picture was approved and the commission declared "much more be needed."

The commission reported "some improvements" in what is termed "the dance evil."

Immediate removal of prohibition agents and officials who fail to enforce the law was asked in this report. Congress was asked to pass a pending bill to amend the constitution so as to make illegal appropriation of funds for sectarian institutions.

Commend Arms Parley.  
President Harding and Secretary Hughes were commended in connection with the armament cases. Announcement was made that three members of the executive committee of the Baptist World alliance, will sail for London July 13 to attend a session of executive commission to prepare the program for the meeting of the alliance at Stockholm in July 1923. These members are former Governor E. W. Stephens of Missouri; Dr. W. W. Landrum, Russellville, Ky.; and Dr. R. H. Pitt, Richmond, Va.

Efforts to amend the report to put the convention on record as denouncing the present commercialized motion picture industry, instead of seeking certain reforms within it failed but an amendment was adopted deprecating alleged efforts of certain secular papers to discredit enforcement of the prohibition laws.

Mob rule and recent burning of negroes was denounced by a number of speakers in discussion of the section of the report devoted to law and order which urged fair trials for all persons accused of violating laws.

Pastors and churches were urged against "becoming allied with or giving support and approval to any movement or organization that violates or tends to violate" the law. No organization was named.

The convention voted to invite William Jennings Bryan to address its next meeting in Kansas City and ordered that "special thanks of the association be extended to the Associated Press for its new reports of the sessions."

## STRIKE ARBITRATION

Massachusetts Board Takes Up Deadlock of Shoe Manufacturers and Workers on Wages.

LYNN, Mass., May 22.—The state board of arbitration has been asked by Mayor McPherson to investigate the failure of the Lynn shoe manufacturers' association and the Allied shoe workers' council to come to an agreement by which the local shoe shops could resume business pending settlement of the wage controversy.

The manufacturers want a five and a half day week with a 20 per cent reduction in wages.

The United Shoe Workers of America have agreed to place the matter before the board of arbitration and to accept a 15 per cent wage cut beginning today, pending final agreement, but the Allied shoe workers insist on a five-day week with double time for overtime including Saturdays.

Only 10 of the 136 shoe factories in the city are working at the present time.

## RODOLPH'S TRIAL MAY BE FIZZLE

Writ of Habeas Corpus Is Means by Which Actor Could Avoid Trial

LOS ANGELES, May 22.—Rodolph Valentino "Romeo" of the movies, whose nimble dancing and love making before the clicking camera has sent more than one woman's heart into a fluttering frenzy, who faces the serious charge of bigamy for his "too soon" marriage to Winifred Hudnut, known in filmdom as Natacha Rambova, may never come to trial.

The old reliable habeas corpus loomed today as the possible avenue of escape for the dashing film hero. District Attorney Thomas Lee Withering and his assistants are preparing to combat such a move on the part of the defense, it was learned. Should such a writ be secured, Valentino may never face a preliminary hearing now scheduled for June 1.

It is admitted that Valentino may prove a means of securing a definite decision that California baristers have long wanted, as it is said to be the first complaint involving an international marriage in this state. The point the higher courts will be asked to adjudicate is whether or not it is legal for a person to marry under the laws of another country before having received a final divorce decree from a previous marriage in this state.

And then comes within the bounds of California and reside with his latest mate.

SEEK LIQUOR CONTROL  
American Medical Association Would Have Government Take Over Business and Fix Price

ST. LOUIS, May 22.—Expressing dissatisfaction with the control of liquor under the Volstead law, the board of trustees of the American Medical association now in session here, today recommended that the government take over and dispense all whiskey now in storage.

The board proposed that the government supply the liquor to physicians direct in sealed packages at a fixed price. A similar arrangement for the dispensing of narcotics was also urged. The board of trustees also recommended that the convention request the central committee of the American Red Cross to limit the welfare work to the aid of disabled veterans, discontinuing its public health activities.

"It is the opinion of the board that the association should take appropriate action to convince those in authority that tax public health activities of the American Red Cross are no longer necessary and if continued are likely to promote community responsibility and helplessness in regard to its own welfare," said the report.

The report was made by several class members. Ten Tulsans were among the 230 convention-goers and Tulsans on the program were Orel Harper of the First Baptist Business Men's Bible class who spoke on "How to get the Men in the Sunday School" and T. E. Boscard who led a discussion of "The Boy Problem."

## HIGH STUDENTS MAY HAVE "BIBLE"

Alliance Adopts Plan for Class Work in the Churches

A plan for religious study classes for Tulsa high school students under the direction of churches was adopted by the ministerial alliance at its regular meeting Monday morning at the First Baptist church and will be presented to the school board Tuesday by the special committee, headed by the Rev. Rolfe P. Crum, which originated the plan. It is the expectancy that the school board will receive the plan with approval inasmuch as it has been carefully worked out by the alliance upon the basis of similar courses in other cities and has been adjudged workable by Merle C. Prunty, high school principal, and Superintendent E. E. Oberholzer. If accepted, it will be put in operation in the high school this fall.

The alliance obligates itself to hold religious study classes, each to meet twice weekly for 10 minutes in churches convenient to the high school building. The classes will entail no additional burden upon the taxpayer, expenses, instead, to be borne by the churches. The course, though not yet decided upon, will be such as Biblical geography, history of Bible characters, Bible school work and missionary activity and teaching.

The next meeting of the alliance will be with the mayor and commissioners.

## FOUR ESCAPE PRISON

Set to Jail at Pawhuska, Lock Him in Bullpen and Make Get-Away; 23 Refused to Leave.

Special to The World.  
PAWUSKA, May 22.—Locking Mike Turner, Osage county jailer, in jail here with 23 other prisoners Sunday night, four men charged with felonies made their escape and have not been captured. Turner was later released by the undersheriff. He had not been injured, either by those who escaped or the men who refused to leave the jail when the opportunity offered.

Last week prisoners mutilated the cell doors in such a way that they could not be locked by the jailer from the outside of the bullpen. When Turner attempted to lock the cells Sunday night while in the pen, several men seized him, took his keys and escaped, after locking the officer in jail with 23 others.

The four prisoners who escaped are Clyde Brandon, charged with the murder of Sam Shelly, a deputy sheriff; C. C. Cunningham and Charles Kehrer, accused of highway robbery; and Jack Long, charged with grand larceny in connection with the robbery of a bank at Grainola.

## Says Bonus Best G. O. P.

LOS ANGELES, May 22.—The soldier bonus and profiteering caused the recent defeat of the republican party in Pennsylvania and Indiana, in the opinion of William Jennings Bryan who is here today to visit his son and daughter.

The disappointment of the majority of ex-servicemen at congress, not passing some bonus bill, I believe, was responsible for the victory of Pinchot and Beveridge over the republican nominees," he said.
